The House and Senate

Proceedings of Both Branches of Congress.

A DAY DEVOTED TO PETITIONS.

Several of Them Presented in the House. The Land Forfeiture Bill Considered in the Senate, But No Final Action Taken. Other Washington Dispatches.

WASHINGTON, April 24.—Mr. O'Neill, of Pennsylvania, presented the proceedings of a meeting of business men of Philadelphia and a memorial with 1,000 signatures and the signatures of the board of trade of that city, asking the aid of congress in the promotion of the building of American ships to trade with foreign ports, and to establish direct mail communication with the western coast of Africa. Referred.

Mr. Flower, of New York, presented a petition of seventy-eight dry goods commission houses and woolen manufacturers of New York city, asking for the passage of the bill classifying, worsted with woolen. Referred.

Mr. Cannon, of Illinois, from the committee on appropriations, reported a joint resolution, appropriating \$150,000, to enable the secretary of war to distribute rations for the relief of destitute people in the district overgrown by the Mississippi and its tributaries. Mr. Cannon urged the necessity of immediate governmental aid.

Mr. Bland, of Missouri, inquired where congress found authority to appropriate money for the relief of the people of the various states.

Mr. Cannon replied that he found it in precedents and in the starving demands of 3,000 persons.

The joint resolution was passed—139 to 24.

On motion of Mr. Butterworth, of Ohio—yeas 120, nays 100—the house went into committee of the whole on the legislative appropriation bill.

On motion of Mr. Sayers, of Texas, an amendment was adopted providing that hereafter every application for examination before the civil service commission shall be accompanied by a certificate of an officer with his official seal attached of the county and state of which the applicant claims to be a citizen; this provision not to apply to persons who may be in the service and seek promotion or appointment in other branches of the government.

On motion of Mr. Cummings, of New York, an amendment was adopted providing for the "actual" traveling expenses of the commission, instead of "necessary" traveling expenses, as provided in the bill.

Mr. Butterworth gave notice that he would ask for a separate vote in the house on the amendment, saying that "actual" traveling expenses might bankrupt the government. This disposed of the civil service commission clause of the bill.

Another amendment offered by Mr. Breckinridge, of Kentucky, to the mint clause, providing that appropriations shall not be available until all laws limiting silver coinage shall have been repealed, was ruled out on a point of order.

After discussion of an unimportant character, the house at 5 p. m. took a recess, the evening session to be devoted to pension bills.

Senate Proceedings.

WASHINGTON, April 26.—The senate devoted the day to debate on the land forfeiture bill and eulogies on the late Representative Gay, of Louisiana.

The senate bill constituting Gladstone, Mich., a port of delivery in the customs district of Superior, was reported and passed.

The senate resumed consideration of the railroad land forfeiture bill, and Mr. Call went on with his argument in favor of the amendment offered by him as to the forfeiture of railroad lands in Florida.

Pending the discussion, the senate on motion of Mr. Gibson, took up and passed the house joint resolution appropriating \$150,000 to be used by the secretary of war for the relief of destitute persons in the district overgrown by the Mississippi river and its tributaries.

Several times during his speech, Mr. Call complained of the apathy and inattention of senators.

Mr. George followed Mr. Call in advocacy of the proposed amendments. The amendment, he said, proposed only to give the poor man a standing in court by which he could assert his rights.

Mr. Pasco took the floor, and the bill went over to Monday.

The senate passed the senate bill providing an American register for the New York steamer Sacroboaco, under the name of Conemaugh; senate bill appropriating \$75,000 for a building at Fayetteville, N. C.

Eulogies on the late Representative Edward J. Gay, of Louisiana, were pronounced by Senators Gibson, Cockrell and Eustis; resolutions declaring the sorrow of the senate were adopted, and, as a further mark of respect, the senate at 4:30 adjourned.

Chinamen to Be Sent Back.

WASHINGTON, April 26.—The secretary of the treasury, on the recommendation of the secretary of state and the attorney general, has directed that the nineteen Chinamen now in the custody of the Marshal at Port Townsend, Wash., be returned to China direct at the expense of the United States. These Chinamen came into the United States from British Columbia, but if sent back there fears are entertained that they might again find their way into the United States.

Relief for Flood Sufferers.

WASHINGTON, April 26.—Representa-

tives Boatner, Price and Robinson, of Louisiana, appeared before the house committee on appropriations yesterday in support of the joint resolution introduced by Representative Coleman appropriating \$100,000 for the relief of the sufferers from the flood in Louisiana, Mississippi and Arkansas. The committee decided to report the resolution favorably and increased the amount appropriated to \$150,000.

A CLOUD BURST IN TEXAS.

One Life Lost and Thousands of Dollars' Worth of Property Destroyed.

GAINESVILLE, Tex., April 26.—A terrific storm of rain and hail struck this city last night, deluging the streets to the depth of three feet, and destroying over \$50,000 worth of property. The cloud burst was preceded by a few hours rain, accompanied by thunder and lightning. A creek which flows through the center of the town rose up and swept away forty dwellings, but the whole city came to the rescue, and only one life was lost.

This morning washouts were reported on all the railroads, and all traffic has been suspended on the Santa Fe. Crops have suffered, many farms being under water. Mrs. Gestman died of fright while being carried from her home.

STARVING SAILORS.

A Shipwrecked Crew Safely Landed After Extreme Suffering.

PHILADELPHIA, April 26.—After subsisting for seventeen days on bananas and coconuts, found on the Island of Rio Seco, part of the crew of the wrecked British schooner Bloomfield arrived at this port yesterday from Santiago De Cuba on the steamship Kathleen.

The mate, R. C. Anthony, and the steward, J. Peters, were sent home, while the others will remain in Cuba until sufficiently able to leave for home. The Bloomfield sailed from Manzanilla, Cuba, with a cargo of sugar for the Delaware breakwater. All went well until March 25, when the vessel suddenly sprang a leak and was run ashore near Cape Mays, Cuba, to prevent sinking.

MANITOBA CROPS.

Indications Never More Favorable Than at Present.

WINNIPEG, Man., April 26.—Special crop reports from all parts of Manitoba state that open weather during the three first weeks of April, with the fine three days' rain of the present week, has resulted in the farmers of the province getting an excellent start, and never before were indications at this season of the year more favorable for a prosperous season. Already a very large acreage has been sown. On Portage Plains nearly two-thirds of the wheat is sown, while in Brandon district the seeding is about complete. Seeding in the territories is scarcely as far advanced as in Manitoba.

Pension for Gen. Buell's Widow.

WASHINGTON, April 26.—The committee on invalid pensions have favorably reported a bill giving a pension of \$50 a month to the widow of Gen. George P. Buell, late colonel of the Fifteenth infantry. Gen. Buell served in the war as colonel of the Fifty-eighth Indiana infantry, and commanded a brigade in Gen. T. J. Wood's division in the Army of the Cumberland with distinguished ability. His death was finally hastened by the effects of a wound received at Chickamauga.

Blew Out His Brains.

PITTSBURGH, April 26.—Robert S. Marshall, aged 45, of Buena Vista street, Allegheny, committed suicide last night by blowing out his brains. Mr. Marshall was a highly educated man, and his house was filled with electrical apparatus on which he had been experimenting, his father having always kept him well supplied with money. It is thought overstudy and congestion of the brain was the cause of the suicide. He leaves a widow, whom he married in Dublin, and four children.

Attempted Highway Robbery.

MOBILE, Ala., April 26.—While F. F. Fisher, a prominent merchant and lumber dealer, of Grand Bay, Mobile county, was driving along the road yesterday, a negro, supposed to be named David Atkins, jumped into the rear of the wagon and cut Fisher's throat. Atkins' object was robbery, but Fisher grappled with him and proved so stout an antagonist that the negro wrestled himself away and fled. Fisher's condition is serious.

A White-Cap Warning.

RONDOUT, N. Y., April 26.—A band of White Caps, armed with gads and other weapons, visited the house of Luther Dunneek at Halcott's mill, last night, to chastise him for his alleged non-support and ill-treatment of his invalid wife and family. On bended knees he implored forgiveness and promised to reform. He was then allowed to go, with the warning that if he did not behave himself the whippers would return.

Chinamen Defy Our Authorities.

SAN DIEGO, Cal., April 26.—Gen. Coon and a posse of ten constables have been patrolling the frontier to prevent a party of Chinamen from crossing the line from Lower California. Several attempts of the Chinamen to enter were frustrated, but at dawn yesterday the Mongolians made a rush, forded the Tia Juana river, and scattered for the hills. Six of them were captured, but a number of others escaped.

Convicted of Stage Robbery.

SAN FRANCISCO, April 26.—Frank Williams was yesterday convicted of robbing the Placerville stage some months ago. The penalty fixed by law is imprisonment for life. Sentence was deferred.

Approved by the President.

WASHINGTON, April 26.—The world's fair bill has been approved by the president.

Laborers' Troubles.

No Settlement of the Strike in Chicago.

FIGHTING FOR EIGHT HOURS.

The First Day of May Liable to See All Kinds of Business at a Standstill—A Non-Union Carpenter Assaulted—Various Other Labor Dispatches.

CHICAGO, Ill., April 26.—The disposition to strike for eight hours is becoming almost universal among the trades notwithstanding the intention of the leaders that all other trades should remain at work until the carpenters had won. But the stockyards and packing-house employees, stairbuilders, mill carpenters, gasfitters, iron molders and harnessmakers have announced their determination to strike, while the tailors, shoemakers, plasterers, lathers, cornicemakers and metalworkers are agitating for the same purpose. So that on May 1 there may ultimately be a strike altogether beyond the control of the leaders.

The number of firms involved in the proposed strikes is estimated at 1,572, and the number of employes in those and in collateral industries that may be out of work after May 1, is estimated at about 200,000 males and about 23,000 females.

Thomas Gilmore, a non-union carpenter, of Chicago, on his way to work yesterday was knocked down and beaten into insensibility by a squad of union men, for whom the police are searching.

The joint committee, consisting of two members of the carpenters' council arbitration committee, two from the Bosses' association, and several members of Mr. Favors' citizen's committee, held a meeting yesterday and arranged to call on President Goldie, of the Carpenters' and Builders' association, to adopt some method of ending the strike.

From President Goldie's remarks this morning it seems probable that some way out of the trouble may be found.

The Master Carpenters and Builders association late last night consented to a conference with a committee from the Citizen's association, the New Boss Carpenter's association and the striking carpenters, with a view to bringing the strike to an end. The old masters, in promising to meet the three committees, made the one condition that they should come separately and appointed the time for each. This is the first concession made by the masters since the strike was inaugurated. If a plan of arbitration is reached it will take nearly a week to settle all the questions now in dispute.

The Pittsburg Strike.

PITTSBURGH, April 26.—The Pan-Handle railroad officials handed in their reply to the demands of the Federated grievance committee yesterday. What its contents are was not made known, but it is believed to be unfavorable to the men. The supreme council of the railroad organizations was summoned by telegraph and will probably hold their first meeting on Sunday.

The local committee has little doubt but that their action will be sustained by the supreme council. This being the case, it remains for the railroad officials to compromise with the supreme council or a strike will result.

The Pennsylvania railroad yard firemen and union station baggagemen have also requested an increase in wages. The baggagemen ask for an increase of \$10 per month.

Brooklyn Carpenters Get Their Demands. BROOKLYN, N. Y., April 26.—The strike of carpenters who were building the stand at the Brotherhood ball grounds, has been settled by the men joining the union.

THE OVERFLOWED RIVER.

Reports from Various Breaks Along the Mississippi River.

BATON ROUGE, La., April 26.—The relief steamer Decatur brought in yesterday about 600 people and a large number of cattle from the overflowed district. The people are mostly negroes. They readily find employment, as a number of planters from the interior are here looking for hands.

The break in the old Morganza levee is 600 feet wide, and the break in the Grand levee is 1,000 feet wide and washing rapidly.

The Decatur will make only one more trip, as the river along Pointe Coupee is falling, and the people mostly prefer to stay there until the flood is over.

Red River Rising.

SHREVEPORT, La., April 26.—Reports from Upper Red river, above Fulton, indicate a big rise, caused by the heavy rains. The streams are bank full and if the rise reaches here it will flood a good deal of low country.

Railroad Bridge Carried Away.

MARINGOU, La., April 26.—The river is rising all along this district for thirty miles. The bridge of the Louisiana Central railway was carried away yesterday. Much country is submerged, but the levees are holding up well.

River Falling at Greenville.

GREENVILLE, Miss., April 26.—The river is falling quite rapidly, and the backwater is receding from our streets.

Sold His Wife for \$100.

SALT LAKE CITY, Utah, April 26.—Henry Strauss, of Chicago, purchased the wife of Fritz Lander, of this city, for \$100. Mrs. Lander and Strauss were sweethearts in Germany, but became separated by circumstances. The happy couple at once took the train for San Francisco. Lander is a saloon keeper, and says the money more than compensates for the loss of his wife.

THE TERRE HAUTE MYSTERY.

Remains of the Man Found in an Alley Still Unidentified.

TERRE HAUTE, Ind., April 26.—Still there is no identification of the man in the morgue here, supposed to have been murdered, who was found in an alley last Monday morning. No less than 600 or 800 persons visited the morgue yesterday, but none could identify him, and the police are as much baffled as ever.

The officials are making a search for the two strangers who were seen with the unknown man Saturday and Sunday, but can't, as yet, find trace of them. The belief in a foul murder are increasing, and the accepted theory is that the body was placed in the alley after the deed was committed. Circulars describing the young man are being sent out.

They describe the deceased as being about 24 years old and five feet seven inches in height. The man is a fine specimen of physical strength, and would weigh, perhaps, 180 pounds. The body is kept standing in the morgue with the clothes on, as in life, strapped to a board to make him look as natural as possible.

THE "DOOM-SEALERS"

Consider the California Earthquake the Beginning of the End.

SAN FRANCISCO, April 26.—The earthquake shocks caused the greatest excitement among the "doom-sealers" in this city and Oakland. In East Oakland whole families rushed from their homes in their night robes, shouting prayers, and ran toward the high ground. A number of women fainted. Tillie Jensen, a Swedish girl, broke her leg in jumping from a second-story window. It is not improbable that the little earthquake will start the whole excitement over the prophecies over again.

A number of persons are reported to be leaving their homes, and the number of passengers on outgoing trains is considerably greater than usual.

John Phillipson announced this morning that he had had a revelation in regard to the prophecy. The shock, he says, was merely the first symptom of the upheaval that is sure to come. He says that God will not now reveal the time for the destruction of the cities, and that the only way to escape is to leave San Francisco and Oakland and never return.

A HUSBAND'S CRIME.

He Shoots His Wife and Then Sends a Bullet Into His Own Head.

ALTOONA, Pa., April 26.—At 12:30 o'clock yesterday morning Daniel Reittman, formerly of Cleveland, O., aged 35, very much under the influence of liquor, entered the sleeping apartment of his residence on Second avenue, this city, and called to his wife: "You have only half an hour to live."

As Mrs. Reittman sprang from her bed the drunken man pulled his revolver and fired several shots at her as she ran from the room. One bullet shattered her left arm at the shoulder and a second bullet entered at her back, passing almost through her body. Reittman then fired a bullet into his head, causing instant death. Mrs. Reittman will probably recover. The couple had been married about a year.

A Coma for a Present.

IPSWICH, Mass., April 23.—A short time since B. P. Glazier, then apparently in the best of health, had a coffin left in his yard. A plate giving the date of his birth and the date of his death was placed upon it a few days later. Glazier died within two weeks. Aaron Sanborn, a railroad section boss, had been ejected from the house for attentions to Mrs. Glazier, and the latter says Sanborn arranged the coffin. The body will probably be exhumed.

A Girl Blew Out the Gas.

ST. PAUL, April 26.—A servant girl named Amelia Strotman arrived from her home in St. Anna, Minn., last night a room and took at the Windsor hotel. This morning hotel employees of the hotel discovered the hallway full of gas and upon the girl's door being broken open she was found dead. Two gas jets were turned on and she had evidently blown out the flame instead of turning it off.

Victoria Woodhull and Tennie Clafin.

NEW YORK, April 26.—Among the passengers by the North German Lloyd steamship Trave, which arrived to-day from Bremen, were Sir Francis Cook and Lady Cook, the latter better known to the American public as Miss Tennie C. Clafin, and John Biddulph Martin, the well known London banker, and his wife, who before her marriage was Mrs. Victoria C. Woodhull.

The Shooting Proved Fatal.

MINNEAPOLIS, Minn., April 26.—Joseph Anderson, the man whom George R. Buchan shot on the street Wednesday evening during a quarrel over Anderson's wife, died at the hospital yesterday. He made a dying statement that Buchan was the aggressor and drew his revolver first. The statement will be used as evidence on the trial of Buchan for murder.

Students Entirely Too Smart.

CRAWFORDSVILLE, Ind., April 26.—The students and townspeople of Bloomington, Ind., have subscribed \$375 to ferret out the perpetrators of the indecent outrage committed by state university students in the circulation of a publication called "Bogus." Investigation has narrowed down to about eight students, of whom five are probably guilty.

Dangerous Plaything for Children.

COLORADO SPRINGS, Col., April 26.—Mrs. Knapp, wife of a prominent citizen, left her two young children, Ralph, aged 5, and Freddie, aged 3, playing in the nursery. Ralph secured an old pistol from another room and shot and killed his baby brother. The mother is nearly crazed with grief.

"A Tariff for Farmers."

The Republican recently copied an article from the New York Tribune which went on to show by a comparison of figures that the McKinley Tariff bill was gotten up for the especial protection of the farmers. The farmers, particularly those of Kansas, are a source of very serious concern just now to the Republican leaders, hence their attempt to pull the wool over the eyes of the grangers.

We will not waste much more time in answering the article copied by the editor of the Republican. One of his own party papers has relieved us of that trouble. Here is the way the Philadelphia Telegraph (a Republican paper, mind you) goes for Mr. McKinley and his tariff bill:

"Of all the silly things Mr. McKinley has yet done, in connection with the tariff question, his report to the House in favor of the Ways and Means Committee bill is the most grotesque. What possible sense is there in trying to fool the farmers of the United States by the statement that their industry is being prostrated on account of the crowding of American markets with foreign agricultural products? In order to back up this utterly absurd declaration Mr. McKinley is driven to quote the importations of sugar, tea, coffee, fruits, tobacco, animals and fibres, the latter including wool, hemp, jute, etc. What does the sugar industry in nine-tenths of the United States amount to? It is practically unknown in thirty-six of the forty-two States. How much tea and coffee are raised in this country? The importation of animals, as everybody knows, is chiefly confined to first-class breeding stock brought by fancy farmers. The carpet men have clearly shown that the class of wool most needed in this country is not and cannot be grown here profitably.

"The fact of the matter is—and no man knows the truth more clearly than Mr. McKinley himself—that when he puts our total agricultural imports at nearly \$350,000,000 he is guilty of the most idiotic deception. This statement is made for the purpose of carrying with it a false impression. Until Mr. McKinley's report appeared, the friends of the so-called 'Farmers' Tariff' bill were quite content in speaking of agricultural imports coming into competition with American productions in placing the amount in the neighborhood of \$75,000,000. This, too, is an outside figure, and is at least very largely the result of trade with Canada. When this argument was quickly met and demolished, in these columns and elsewhere, Mr. McKinley and his friends shifted their ground and made a bold advance that must make them ridiculous in the sight of intelligent men everywhere. It being clearly shown that this \$75,000,000, even if the farmers get the benefit of it, would be more than swallowed up under this tariff bill in the increased cost of clothing and other necessities of life, it became necessary to swell the figures, and to pull the wool, if possible, still further over the eyes of the doubting agriculturists. Mr. McKinley's report, in this respect, will prove a boomerang of the most destructive sort. * * * This determined effort to make the agricultural element of the country think that it is being specially cared for in tariff revision at this time as the matter stands has the appearance of being one of the boldest and most unscrupulous political schemes ever attempted."

The Telegraph closes with the declaration that in plain English, the McKinley bill "rests on a mountainous fabric of lies and ignorance." And please remember that the Telegraph is a Republican journal.

It looks like the census that is soon to be taken will be strictly a Republican affair. Look at the list of enumerators for Mason County.

HON. A. H. WARD, "the Nestor of the Cynthiana bar," is a Democratic candidate for delegate from Harrison County to the Constitutional convention.

It is estimated that the Morrill Service pension bill, mentioned yesterday, will, if passed, take \$60,000,000 out of the U. S. Treasury. By the way, the taxpayers of this country are beginning to get tired very of the pension business.

THE Mason-Ford Company, lessees of the penitentiary, have asked the Legislature for a release from their contract with the State for the convict labor. If the lessees are trying to bluff the State Solons, they may wake up some morning and find they are mistaken in their men.

The G. A. R. of Kentucky.

The annual encampment of the G. A. R. of Kentucky was held at Louisville this week. Several members of Jos. Heiser Post of this city attended. Rev. W. H. Childers, of Chester, was also present.

The Adjutant General's report showed the following: Number in good standing at last year's report 3,907; number in good standing for the year ending March 31, 6,021, a gain during the year of 2,114. There are 168 Posts in the State.

The report of Quartermaster General Hillis showed that the receipts the past year amounted to \$2,923.48. The expenditures amounted to \$2,348.43. The cash and value of supplies on hand amount to \$1,725.59. In view of the surplus on hand Mr. Hillis recommended that the Encampment reduce the per capita tax from ten cents to eight cents, and the price of badges from sixty cents to fifty cents, and buttons from ten cents to eight cents.

The annual meeting of the Women's Relief Corps of the State was also held. The Corps has about 500 members. The election of officers resulted as follows:

Mrs. Amanda M. Davis, Newport, President.
Mrs. Julia A. Bachus, Louisville, Senior Vice President.
Mrs. Lottie Vincent, Covington, Junior Vice President.
Mrs. Nannie H. Ross, Louisville, Treasurer.
Mrs. Captain Miller, Maysville, Chaplain.

Concerning Mrs. Abbott.

As one of the experimenting committee upon the stage last night at the appearance of Mrs. Abbott, allow me to say flatly, that the power she exhibits is not a pretended thing and is no humbug. No one is competent to give an intelligent opinion upon the subject who is not more or less familiar with the literature, the laws and the experiments along the lines of odic, kinetic, static, electrical and magnetic forces. My opinion, which is of no great value, but formed after much experiment, observation and reading, is that a new name is needed for this force which for some time I have called neurotic force. Of course Mrs. Abbott is not the only person who possesses this power, but she has it in an unusual degree. The man discounts his own intelligence or information, or both, who says there is nothing in it. G. S. JUDD.

Circuit Court.

Ficklin Bros. were given judgment yesterday against the C. & O. Railroad Company for \$375 for five months' services. They sued for about \$600.

S. F. Buckler, colored, was convicted of grand larceny, and given two years in the "pen." He stole a watch valued at about \$40 from a party near Sardis.

John Williams, colored, was tried on charge of grand larceny. The jury returned a verdict of "not guilty" after being out but a few minutes. The defendant was accused of stealing a silver cup from J. Ballenger, the jeweler, about four years ago. He admitted taking the cup, but said he didn't think it was worth much. Three witnesses swore it was worth less than \$10 and he was acquitted. A prosecution for petit larceny was barred by the statutes of limitation.

Railroad News.

The earnings of the Chesapeake and Ohio Road for the third week of April show an increase of \$44,800.84 over those for the corresponding week of last year. The figures are:

1890.....\$139,056.78

1889.....94,255.94

Increase.....\$44,800.84

The Owenton News is trying to revive the Louisville, Maysville and Great Eastern, a road projected years ago. The survey, made by Colonel C. B. Childers, takes in Eminence, Owenton, Williams-town, Falmouth and Brooksville. The route from here to Eminence is 102 miles, and Colonel Childers estimated the cost at \$1,412,000 when he made the survey.

OUR NEIGHBORS.

MURPHYSVILLE.

Mr. Thomas Rhodes and Miss Ella McCarthy were married in the M. E. Church at Murphysville April 23, at 4 p. m. The ceremony was performed by Rev. J. W. Jolly. The bride is a daughter and only child of Mr. Milton McCarthy, a leading farmer. She is of a very amiable disposition and loved by all that know her. The groom is a son of Mr. John Rhodes, Jr., also a prominent farmer of this neighborhood.

The bride wore a handsome costume of Henrietta cloth with hat to match. The attendants were Miss L. H. Wells and Mr. Chas. H. Crawford. Messrs. F. V. Hunter and J. B. Hunter were the ushers. Mrs. Anna Barnes rendered the wedding march. The happy couple took the hack and were driven to the home of the groom's father, where an elegant supper was waiting to be served.

The bride received many handsome presents; table linen, gold and silver coins, silver knives and forks were among the many presents. The happy couple have the best wishes of their many friends.

Announcement.

Editor of the Bulletin: I understand it has often been asked if in my announcement as a candidate to represent Mason County in the Constitutional convention, I would be so subject to the action of the Democracy of the county. I made no announcement as I did because I had been generally solicited to become a candidate. But I wish it distinctly understood that I am always subject to the action of the Democratic party in the mode and manner they may select. EMERY WHITAKER.

HATS, HATS!

The trade on our Spring stock of Clothing and Tailoring Goods is on a regular boom. Our styles and prices are unique. No other house in the State approaches them. However, we started to say something about HATS. We presume most of our readers noticed our consignment of Hats received this week. We opened thirty-two cases, and they are now ready for inspection. In soft Cassimere Crushers and Featherweights we show some exquisite, nobby styles; in Stiff Hats we have the best makes. Our leader is the STETSON, but in Straw goods we are at the head of the line—we have all the newest things out. Do not miss looking over ours before you buy.

DR. THAYER's pastorate at the Christian Church will close to-morrow. He will preach at the usual hours. He will leave Monday morning to resume pastoral charge of the church at Newcastle, Pa., where he formerly resided. During his residence here he has endeared himself to his parishioners and there is general regret at seeing him and his estimable wife leave Maysville.

AMONG those who will be named to take the census in Mason County will be James Weaver, Mayslick; Scott Fletcher, Orangeburg; Jerome Applegate, Washington; J. H. Wright, Murphysville; Hays Thomas, Fern Leaf; George M. Clinger, Chester; W. R. McDonald for the First, Second and Third wards, and John Walsh for the Fourth and Fifth wards of the city of Maysville.

'SQUIRE FLORA, who lives in the upper end of Campbell County, presented one of his relatives with a fine little terrier dog not long ago. The dog was taken to the relative's home at Mattoon, Ill., but he didn't stay long, and his sudden absence led the family to believe that he had been stolen, until a week or so thereafter they received a letter from the 'Squire that the dog had got back, looking very happy, yet tired from his long journey. Geo. M. Dittoe, of the State Journal, is authority for this story.

THE Paris Record says: "Wm. Carpenter had been troubled for the past two years with a formation on the sublingual gland, that had baffled the treatment of a number of physicians. On last Saturday it gave him great pain and on Sunday a stone, the size of a large cherry, worked out. The stone is of a lime formation, salivary calculus, and had closed up the duct of Wharton, as it is called in anatomical phraseology."

Mrs. Abbott, "The Georgia Wonder." Mrs. Abbott, "the Georgia wonder," gave an exhibition of her mysterious power at the opera house last night. Her performances are "the talk of town today. She does all she claims to do. Dr. Strode, Dr. Phillips, Dr. Smith, Messrs. J. C. Pecor, D. C. Frazee and George T. Hunter were on the stage last night. There's a good deal of solid muscle in this double quartette, but they couldn't lift the little woman off the floor; they didn't succeed in showing her over when she stood upon one foot; Dr. Phillips was quite sure he could take a billiard cue out of her open hands, but he didn't, nor could any of the other gentlemen. These are but a few of the wonderful performances, and the audience were highly amused and very much mystified.

Mrs. Abbott gives a matinee this afternoon and will close her engagement here to-night.

Weekly Trade Review

R. G. Dun & Company's Regular Report.

THE CONDITION OF BUSINESS.

The Silver Question, Now Being Considered by Congress, Has a Great Deal to Do With the Present Movement of Trade—A Hopeful Outlook for the Iron Market—Other Financial Prospects.

NEW YORK, April 26.—R. G. Dun & Company's weekly review of trade says: The markets are all influenced by the prospects of an increase in currency, based on silver. The street has assurance, in telegrams from Washington, that the bill adopted in caucus will be passed, and the addition of at least \$4,000,000 of bullion notes yearly is expected to lift all prices.

The average of prices for all commodities rose over 1 per cent. from the 16th to the 22d, but has since declined about half as much. Opinions are much divided about the effect of the silver bill, if passed, some believing that a brief advance in prices will be quickly followed by a decline when it is found that gold begins to go abroad, but the more common belief is that the measure will work safely stimulating prices and commercial activity to some extent, without disturbing the gold standard values.

Trade reports this week are favorable, excepting from the region affected by the floods in the Mississippi valley. Great damage to sugar plantations seem inevitable. Three of the trunk lines are interrupted, and there losses will be considerable. At Galveston and Florida business is dull, but at all northern centres of trade the situation is very satisfactory.

The iron business is more hopeful in tone at Philadelphia, but at Pittsburgh the decline in prices continues. Statistics showing that the accumulation of coal in first hands has been reduced since March 1, have a helpful influence, and encourage the belief that in a few months the policy of restriction in the output will restore the market to a healthy condition. But its condition is far from healthy at present. No improvement is seen in the woolen manufacture, and dearer cotton does not help the mills.

The exports of grain continues large, notwithstanding the advance in prices, and furnish the only reasonable excuse for that advance. In any event, a large surplus of wheat will remain on hand July 1, and the reported injury to winter wheat will be, to a great extent, balanced by the increased acreage of spring wheat, which higher prices will cause.

Cotton receipts and exports are both falling far behind last year, and the floods and rains are expected to affect this year's yield to some extent. No reason is perceived, beyond speculative activity, for advance in pork or in oats, but the belief that the currency will be greatly expanded tends just now to render all prices somewhat fictitious.

The treasury has taken in during the past week \$1,900,000 more than it has paid out, but the receipts of money from the interior have kept the New York money market comparatively easy.

The figures indicate a heavy excess of imports over exports for the month, but there are no present symptoms of an outflow of specie.

Failures during the past seven days for the United States 179, for Canada 39. Total 218, compared with 214 last week. For the corresponding week of last year the figures were 156 for the United States, 27 for Canada.

CLAYTON'S MURDERER.

He Confesses to the Crime Just Before Dying a Natural Death.

LOS ANGELES, Cal., April 26.—Last winter, during the floods in this section, a rancher named Thomas Hooper died at Ranchito, in this county. It is learned that prior to his death the sheriff's officers here collected evidence sufficient, it is alleged, to implicate him in the murder of John M. Clayton, brother of Governor Powell Clayton, of Arkansas. After communicating with Governor Eagle, of Arkansas, they were about to proceed to Ranchito and arrest him when the floods came and cut him off for a few days, and during the time Hooper was taken down with pneumonia and died.

It is alleged the deceased told a friend, Charles Lewis, that he had killed two men in Arkansas who were concerned in the lynching of his (Hooper's) father, and that there was a third man whom he would yet kill. That man was John M. Clayton.

A Cruel Parent Interferes.

BRAZIL, Ind., April 26.—At a late hour last night a closely-veiled female appeared at the Vandavia depot, west-bound. An attendant gave her name as Acres. At the instance of her father, William Shoble, she was arrested on a charge of elopement and jailed. Her father complains that she had been spirited from home, and that she was going to St. Louis to marry one Acres. She is aged 17, and is handsome and bears a good name.

"Shovers of the Queer" Taken In.

CHICAGO, April 26.—Two "shovers of the queer" giving their names as Robert Thompson and William M. Furber, who are alleged to have swindled the people of Cincinnati, Indianapolis and other towns in Indiana by means of a \$10 counterfeit bank note, made in the semblance of the bill issued by the Germania National Bank of New Orleans, have been arrested here. They have been turned over to the government officers.

He Robbed Registered Letters.

INDIANAPOLIS, April 26.—James Lankford, assistant postmaster at Sanborn, has been sentenced to a year in the penitentiary for rifling a registered letter. Sometime ago a registered letter arrived at the office marked to contain \$250. Lankford opened the package, took out the money and resealed the envelope so well that no evidence of its having been tampered with was possible. The money was found in his room.

LITTLE MRS.

ABBOTT

THE GEORGIA MAGNETIC MARVEL.

Weighs only 93 pounds, but four men cannot lift her. Can lift 1,500 pounds without physical or mechanical effort. Two strong men cannot draw a stick through her hands. By placing her fingers on their heads she will raise two men from the floor. Standing upon one foot it will be impossible for two men to throw her off her balance. L. is a whole base-ball nine at once. Mrs. Abbott, by placing the palms of her hands into those of a ten-year-old boy's hands, transfers the mysterious power to him and no two men can lift him from the floor. Challenges the strongest athletes to raise her from the floor. Many feats equally unexplainable.

New Goods! New Store!

Having disposed of all my stock of goods damaged by the late fire, I am now able to announce to the public that I will on Thursday, the 27th inst., open up in my elegant new store room on the N. W. corner of Market and Third streets, in Maysville, Ky., a new and complete stock of Staple and Fancy Groceries, Provisions, Canned Goods, &c., &c. I feel that I am at last able to supply the people of Maysville and vicinity what they have long needed—a first-class grocery in every respect. I do not propose to quote prices on a few articles less than cost in order to get you to come to my house so I can have a chance to over-charge you on some other article, but by dealing with you fairly and giving you good goods at fair living profits, I shall expect to merit a liberal share of the patronage of the public.

Everybody is invited to call, and a special invitation is extended to the ladies. Country people are invited to bring all their produce to me and make my house their headquarters while in the city.

R. B. LOVELL.

GREENWOOD'S PAINT STORE.

'90-WOODLAND FARM STALLIONS-'90

BILLY ENFIELD, (four-year-old trial, 2:35) foaled 1885; sired by Enfield, 2:23, sire of four 2:30 performers and the dams of eight, including the great campaigners Reference, 2:18, Annie H., 2:20, and the great two-year-old Gambrel, 2:25 1/2. First dam Endowment, by Ericson, 2:30 1/2; second dam by Donaphin, by Old Pilot; third and fourth dams thoroughbred. BILLY ENFIELD is not only a trotter but a great individual, capturing a number of first premiums as model roadster and herd stallion. Terms—\$25 to insure, or \$20 cash for the season, with privilege to return.

YELLOW JACKET—The well-known Saddle Stallion, sired by Wells' Yellow Jacket, sire Thos. L. Young, 2:18, and others. Dam by Shooting Star. Further pedigree and description unnecessary, as he is best known and has taken more first premiums than any Saddle Stallion ever stood in Mason County. Terms—\$10 to insure. For further particulars address 134w4m D. SAM WHITE, Woodland Farm, Bernard, Mason County, Ky.

CARRIAGES, SURREYS, PHAETONS, BUGGIES AND DRIVING CARTS.

Those who expect to buy a vehicle of any description (home-made or otherwise) are most respectfully invited to call at our office and factory, two doors west of opera house, and examine the most complete line of Carriage Goods ever seen in Maysville. Our determined purpose is to keep pace with the times by making our purchases exclusively for cash, and in such quantities as to compete with the most astute of the day, thus enabling us to sell all goods fully in accordance with the remarkably low prices farmers are now required to take for their products. Special attention given to Repairing and Repainting work.

Edward Myall will be found constantly in the Carriage Repository and Mr. John Porter in the Undertaking Department.
